Schafer Systems' products are of high quality and reliability for your lottery retail needs. Our patented Modular Mini® Dispensers come in various sizes and versions. They display well alone or as a stack on countertops, on stands, and can be mixed and matched within various sizes to best customize to your retail display needs.

GEN2 Dual Bingo

GEN2 Dual 6" Featuring an Oversized 8" Wide Ticket Book

GEN2 Snap-together Modular Mini Dispensers

GEN2 dispensers are the most innovative design of dispensers to date. When you have a Modular Mini GEN2 dispenser, you have the most feature-rich dispensing product designed for lottery retail locations. These products have:

- **Removable Dividers** to display a variety of size tickets.
- **Built in Clips** to hold a display card in place.
- **Side Panel Feature Clips** to customize and add imagery to the outside of the dispenser.
- **Ticket Gripper Plates** to hold the ticket books in place for easier dispensing.
- **Three Finger Tear Bars** to allow for various thickness of ticket books and packs.

Utilize our GEN2 dispensing products to ensure your lottery retailers have the best and most efficient lottery dispensers and displays.

Dual 5" Adjustable Snap-together Modular Mini

The Dual 5" Adjustable Modular Mini dispenser works with other Modular Minis, but has added features including::

- **Flat Loading** – Longer from front to back allowing for up to a 10" ticket book to lay flat in the dispenser for faster and easier loading.
- **Built in Clips** to hold a display card in place.
- **Brackets** to create a sturdier display connecting dispensers and holding them together side by side.
- **Adjustable Dividers** – The divider is movable, allowing for easy dispensing of 2" - 8" wide ticket books
- **Three Finger Tear Bars** – Allows for tickets of various thicknesses to be held in place and dispensed easily.

Family of Games

Elevate your games by distinguishing them a little differently at retail.

Families of Instant Tickets are increasingly popular with lotteries so why not set them apart from the other games?

We can customize the display to fit any ticket size!

Specialty Dispensers

We know not every game is standard. We know some games were meant to stand out. For those we have Specialty Dispensers. Easy to display on their own, on top of a stack, or with a stand, these innovative dispensing solutions work.

Pouch Game

The Pouch Game Dispenser attractively displays oversized tickets and easily dispenses thicker ticket packs such as pouch games.

Specs

Pouch Game Dispenser

product code # 40-6465

Above the Counter Hanging

Maximize visibility of your lottery games without utilizing counter space. The Above the Counter Displays are mounted directly to the ceiling using a beam or tile mounting kit included with your dispenser. Configurations are built with Modular Mini Dual Snap-together dispensers in configurations from 12 to 36 games. Call for complete specifications sheet.

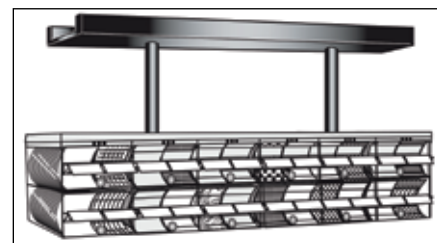

The newest addition to our Above the Counter Hanging Dispenser line utilizes our Dual 5" Modular Mini dispensers allowing for use of a ticket display card and flat-loading of most ticket books. Retailers love it! Specific configurations with dimensions can be found on our website www.ssi-ia.com.

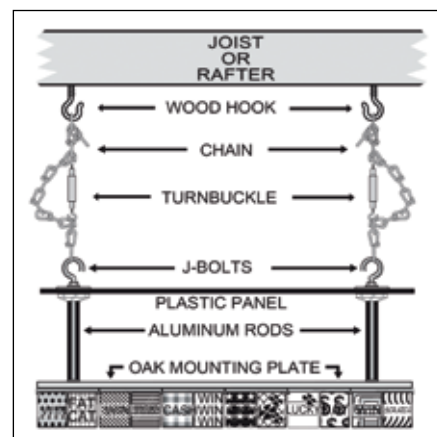

Above the Counter Display

Over-the-Counter Display Beam Mounting

Over-the-Counter Display Tile Mounting

Build Over Dispenser Displays

The Build Over Dispenser Display brings your lottery display up and over the terminal or cash register allowing for a great display and ease of dispensing. The stands are adjustable allowing for different heights as needed in store.

These dispensers use Dual Modular Mini Snap-together dispensers in configurations from 12 to 24 games. Specific configurations with dimensions can be found on our website www.ssi-ia.com.

Single Wall Mount

Did you run out of counterspace? Utilize your walls.

Our new wall mount dispenser features easy loading, dispensing and a keyed lock. Slide multiple dispensers together side by side to create a larger wall unit. Photo shown in custom color Green. Standard color is Black.

Stackable Side-by-Side

Want more flexibility with dispenser placement?

This dispenser serves a dual purpose. Use it on a counter or a wall; even move it back and forth.

16 Game

24 Game

32 Game

Versatile dispenser accommodates from 12 to 32 games, and speeds transaction times with its numbered, easy-to-identify ticket drawers.

The rugged cabinet is constructed of tough, wear-resistant plastic, with an acrylic display face and aluminum stabilizer rods, for long-lasting performance in harsh retail environments.

Designed and built for long-term use, the sides of the Promoter cabinet provide space for optional promotional signage.

Non-skid feet allow the Promoter to stand alone with no installation necessary; counter-top fasteners are provided for mounting. An optional security door provides additional retailer security.

The Lottery Center™

The Lottery Center is a retailer's dream come true. This exceptional product turns a counter space into a designated Lottery space making quite an impact without clutter.

The Lottery Center consists of 3 separate molded parts. Each component is extremely durable for long time use.

Options shown: The Lottery Center with Lighted Ticket Menu Board and Hardware Unit.

1. A larger lighted menu board houses up to 30 voided cards in a clean organized manner.
2. An electronics component brings items currently at retail within one combined, clutter free space. Components shown are the Display Monitor, Lighted Jackpot Sign, Ticket Checker and an area to house on line game bet slips or game information pamphlets
3. A smaller lighted menu board houses up to 6 voided cards – this unit can be used to house some of the newest games that become available, a family of games arrangement or the higher priced ticket options. This can also include a literature holder mounted to the back side for housing bet slips for on line game choices or game information pamphlets.

Counter Mount

Wall Mount

Display up to 32 , 4" Display Cards

The Lighted Ticket Menu board is to be counter or Wall mounted. Unit is illuminated with high intensity LED lighting to enhance the viewing of display cards.

The unit displays voided cards in a smaller counter top footprint area than other menu boards by waterfaling the cards for display. This unit has an enhanced view with LED lighting.

Custom colors are available. Standard color is Black.

Single & Configured Literature Holders

Our Literature Holders have clear, unbreakable tongues to prevent sagging and curling of play slips and lottery information.

These literature holders are available in any configuration starting from just a single unit. Multiple units are configured to meet your specifications.

This versatile literature holder has ten pockets to hold game information. It includes a base with foam tape for mounting to counter tops. Dividers can be snapped into the pockets, doubling the number of compartments to hold a variety of gaming information. →

The 10 Pocket Literature Holder is also adaptable for wall hanging.
